

DV-BP-BAT

PLATINUM[®] FLEX LITHIUM-ION BATTERY

OPERATING INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USING THIS PRODUCT.

- 1) Fully charge the battery prior to first use. Only charge using the JB charger DV-BP-CHRG.
- 2) Only use battery with compatible JB industries devices.
- 3) Use/charge the battery pack when the temperature is between 41°F (5°C) and 104°F (40°C).
- 4) Store the battery in a cool, dry place.
- 5) Do not open battery or short the battery terminals together. This can cause fire, burns or explosions.
- 6) Protect the battery from heat sources, direct sunlight, and fire.
- 7) Protect the battery from water, rain, and snow. Water increases the risk of electrical shock and damage to the battery.
- 8) Do not charge the battery in a damp or wet location.
- 9) Do not crush, drop, puncture, incinerate, or damage the battery pack. Properly dispose of a damaged battery immediately.
- 10) If battery is damaged, liquids or vapors may leak out of the cells. Avoid contact with the liquid, it may cause irritations or burns. If contact with skin occurs, wash with plenty of soap and water and seek medical attention. If contact with eyes occurs, flush with water for 15 minutes and seek medical attention. If vapors are inhaled, move to fresh air and seek medical attention.
- 11) Dispose of damaged batteries properly according to federal, state, and local regulations.

WARNING: Improper use can lead to fire hazard, death or serious injuries.
