

THE TANK

DV-T1 VACUUM PUMP OIL CADDY

CHANGE YOUR VACUUM PUMP OIL BETWEEN JOBS.

NO MESS. NO SPILLS.

ENVIRONMENTALLY FRIENDLY.

5 OIL CHANGE CAPACITY.

All vacuum pumps require changing oil after every use. Contaminated oil will damage pumps, shortening your pump's life and preventing deep vacuums from being achieved. Maintaining clean oil ensures your pump will operate at peak efficiency.

This is why you need the TANK. Conveniently change your oil between jobs so the only thing slowing you down is traffic.
