

4-VALVE MANIFOLD

THE MANIFOLD THAT SETS THE INDUSTRY STANDARD

MADE IN THE USA

JB's M-4 series sets the industry standard for entry-level brass manifolds. Built with our famous full flow design featuring dual o-rings and stem seats that retract completely from flow path result in faster evacuation and charging. Our bar is longer and angled for better knuckle clearance when turning the hand wheels 2-1/2 turns to full open/close.

C ONSTRUCTION	Forged Brass	Heavy Duty & Rugged	O RIGINS	USA	All components
H ANDLES	Plastic contoured hand wheels	Only 2 1/2 turns to full open/close	D ESIGN	Double O-Ring Piston	Stem seats retract fully for full unrestricted flow
G AUGE SIZES	Steel 2 1/2, Steel 3 1/8 (Glow in the Dark)	Most popular gauge sizes	P ORT	3/8" Evacuation	Evacuates over 40% faster
B OOTS	Red and Blue 2 1/2 Black 3 1/8	Heavy duty protection			

JUST BETTER
