

2 and 4 Valve Premium Manifolds

ZEPPELIN
&
ZEPPELIN

JB is proud to introduce the American made Zeppelin™ series of manifolds. Available in brass and aluminum, this series features durable molded "Soft Grip" rubber handles that eases opening and closing while the improved stem design means "Full Open" in only 2-½ turns. The aluminum Zeppelin™ series, available in 2- and 4- valve, also incorporates cutting edge styling and technology to significantly reduce the weight of the manifold. All Zeppelin™ series manifolds are available with JB's exclusive 3-1/8 (80 mm) glow-in-the-dark gauges.

Available in brass and aluminum

Original free floating O-ring sealing system for faster evacuation/ charging

Replaceable intake/hose holder fittings for convenient repair

Gauges are Pulsation Proof and accurate up to 16,000 feet

Increased selection of gauges in metal cases and refrigerant combinations

Soft grip rubber hand wheels reduce turning to open and close

Available with JB Industries' exclusive glow-in-the-dark gauges

New design gives Full Flow with fewer turns

Pull-out proof hanging hook

Lightweight, cutting edge styling

All heavy duty metal cases on gauges, including the standard 2-½" (63.5 mm) for durability

Offered with 63.5 mm metric gauges reading BAR/ PSI, kPA/PSI, and kg/cm²

made in the USA
