## WORK WITH JB GO COMBINED PRODUCT APP

### Work smarter with JB's family of wireless products and the combined JB GO Product App

The **JB GO** app is designed to make working onsite with JB wireless and digital products accurate, fast and efficient. JB wireless and digital products have been designed to help technicians and contractors log data and get accurate readouts while onsite.

### REVOLVER® DM4-RW Wireless Digital Manifold

**NEW!**

- Wirelessly connects to smart devices through the **JB GO** app
- 60+ Refrigerants; update through app
- Measures high side and low side pressure (ps, kPa and bar) and temperature (°F and °C)
- Calculates superheat/subcooling/vapor/liquid saturation

### ZEPPELIN® DM4-ZW Wireless Digital Manifold

**NEW!**

- American made forged brass REVOLVER® 4-valve liquid metering ball valve style manifold or American made heavy-duty forged aluminum ZEPPELIN® 4-valve piston style manifold
- 60" CCLE4-60 KOBRA® hose set included (4 pack)
- 1 year warranty

### ATLAS® DS-250 Wireless Digital Refrigerant Scale with Wired Handset

**NEW!**

- Wireless connection to smart devices via DS-250 app available through **JB GO**
- 250lb (113kg) Capacity
- Wired, full color, LCD display on removable handset with built-in magnets
- Job time recording/data logging with mail capability
- 2 year warranty

### SH-35N Wireless Gauge for Superheat and Subcooling

- Wirelessly connects to smart devices with SH-35N app through **JB GO**
- OLED sunlight readable screen
- Built-in valve port to easily adjust refrigerant charge
- Range up to 400ft (unobstructed)
- 50+ Refrigerants
- 1 year warranty

### DV-40S Wireless Digital Vacuum Gauge

- Wirelessly connects to smart devices with DV-40S app through **JB GO**
- Factory calibrated for accuracy
- Vacuum reading range 100,000 to 10 microns
- Programmable alarm system for low/high limits and approaching/leaking
- 1 year warranty
